

Operations Lead

Company: Peterson Farms

Employment Type: Full-time

Location: Loretto, KY

Compensation: Hourly (rate based on experience and professional growth). Health Insurance. 401K. Annual Performance Bonus.

Job Description:

Peterson Farms is a growing family operation located in Central Kentucky which manages over 17,000 acres and produces various agricultural products. The company is structured and positioned for successful growth today and in the future.

We have an excellent team in place and are looking to add another key person at our Loretto, KY location as an Operations Lead. This role combines people management, maintenance, and equipment operation.

Essential Job Functions:

- Manage teams of 3-4 people in various roles on the farm including, but not limited to: equipment maintenance, spraying applications, planting, harvesting, tillage, and construction management.
- Manage employees time clock to ensure proper accounting of labor statistics.
- Manage employees attendance and vacation scheduling.
- Teach employees how to perform farming functions in a safe and efficient manner.
- Attend daily organizational meetings to help prioritize farm functions.
- Attend professional development and educational sessions to further agronomic, economic, and management techniques.
- Extended working hours may be required during time critical functions, especially during planting and harvesting time.

Job Requirements

- 4 year college degree in an Agriculture related field is preferred.
- 3-5 years, farming, agricultural services, or related experience.
- Proven strong communication and interpersonal skills. Ability to research, analyze, and present data to management in a clear, organized manner.
- Experience working with precision ag technology.
- A strong work ethic, focus on safety, and team oriented mentality.
